Our Growing Ministry

First, we want to say thank you to all the churches who helped us purchase our vehicle! With the Yelles returning in a short amount of time, the time came for us to purchase our own vehicle. Many of our churches gave special offerings to help us, and we were able to pay for our vehicle cash down! We are overwhelmed by the generosity of our churches, and that the goodness of God is working through you. We purchased a Renault Oroch, a small pickup truck that is perfect for picking up passengers for church, and for working on our property. Thank you so much for letting God use you to help us.

Since April, our ministry has been growing. We had our Easter service in April, a Mother's Day Tea in May, and a Valentines Day Dinner in June! We had many visitors to each of these events, and many heard the gospel. We pray that God will bring more people to our church who will get saved and join us. For our region, these events are what bring the most visitors. Because of this we always try and do one event each month.

As my Portuguese continues to improve, I am taking more opportunities to preach! I have been able to preach at these events, and I have also taken on more of our weekly preaching. One of our men named Jonir has been helping me since the Yelles went on furlough by preaching every Sunday night. This last month, I have started preaching every other Sunday night. I have been so grateful for Jonir's help as I have been growing in my language fluency, but I am excited for the opportunity to preach more.

We have also started discipleship with a new group. Four of our ladies, Michele, Vilma, Marcia, and Taisa have taken on the challenge to change their lives through our discipleship program. Please be praying for them as they are being made aware of ever present spiritual warfare. They have become spiritually stronger, and their eyes have been opened to what God wants us to do in a very oppressed city.

Continue to pray for us. We have taken on more in our ministry and are still learning this pace of life. Pray for our discipleship and for continued spiritual growth in our church. Please also pray for one of our members named Clovis who has terminal, inoperable cancer. He needs a miracle. But if the Lord takes him home, pray for his family.

Thank you so much for your prayers and support.
