Dear Pastor and Church,

November – December 2022

**GOODNESS OF GOD'S GIFTS**

November and December were wonderful times of being able to reach out to folks through the generous giving of friends to our ministry. Victory Baptist Church in Weatherford, Texas and our good friend Bro. Leonard Smith from Kentucky led in efforts to provide many gifts and needed items for folks here on the Reservation. Not only were “fun” gifts given (toys and such), but practical items like coats and good clothing were made available. We use this as a time to be a blessing to our church folks and also to reach out to others. The local grocery store in Ganado, Lowe’s, even brought by several bags of groceries for us to hand out to people in the community. We have several new folks coming to church with us now and this certainly helped us to minister to them. Thanks to everyone who had a part in this! There are eternal dividends reaped through this outreach!

**GOODNESS OF GOD'S GRACE IN TRAGEDY**

Dheidrick and Joetta Hobbs are a young couple that are interning with our son, Joel, at Strong Hold Baptist Church. Dheidrick was saved as a boy through our ministry in Tsaile and Lukachukai long ago. He and Joetta are planning on starting deputation soon to start a work in Chinle. They were expecting their first child and complications arose. The baby’s only hope was an early C-section. At 26 weeks along, Dominic Hobbs lived 30 minutes on this earth. I had the honor of taking this couple to Albuquerque to retrieve their son’s body. The funeral service was amazing! The Hobbs showed the marvelous working of the Lord in their lives as they gave testimony of their commitment to serve God no matter what. Joel preached an incredible message and Joetta’s mother placed her faith and trust in Christ! Pray for this young couple! They are worthy of prayer and financial support!!

**GOODNESS OF GOD IN YOUR KINDNESS TO US**

So many of you sent financial gifts and cards to us over Christmas. It meant a great deal to Mrs. Haynes and me. Thank you for thinking of us. Also, because of help we received from many of you, it looks like getting that truck for the ministry here will be a reality very soon! We will let you know and include a photo on our next update and on the website when it comes to fruition. Thank you!!

**GOODNESS OF GOD IN TRAINING LEADERS**

Ganado Baptist Bible College finished strong this last semester and we have 23 students taking classes for the spring. We had a student chapel to finish the last semester and the men did an outstanding job of preaching. Future pastors and church planters and Sunday School workers continue to be trained and we are honored to be a part. Mrs. Haynes has a record number of piano students this semester.

**GOODNESS OF GOD IN BRINGING SOME BACK**

Remember that our work for the Lord is never in vain. We recently saw the return of some folks that had been reached in our ministry many years ago. The devil beat them up, but I am glad our God is the God of a second chance! Stay by the stuff!!! He is worthy of our labor! Love you folks!

*Dr. and Mrs. Mark Haynes*
