Medical And Spiritual Missions

We had the joy of hosting again the Medical Missions Team from Heritage Baptist Church of Haslet, Texas. Rachel, Phil, and their crew, alongside the team from our church, were able to tend to the physical and spiritual needs of over 700 people in our community, during their five days in La Esperanza. We provided general medical checkups, and this year the team brought along everything needed to also

provide free eye exams and glasses, which was exciting. Each morning before we arrived, people lined up outside, waiting for the doors to be opened, and many others came throughout the day. After their physical needs were assessed and tended to, they were invited into the evangelism room, where the gospel was presented to them while their meds or glasses were being prepared. One morning before we started our work day, Rachel said, "All of the costs, preparations, and work that we have done and will do is for

those fifteen minutes of time [each person] will spend hearing the Gospel!" Following the example of Jesus, we met their physical needs, and it opened the doors of their hearts to receive spiritual help as well.

The young man next to me in this photo is one of those who got saved, and everyone in the room was excited and happy for his decision for Christ. There is nothing to be compared to moments like these! It's a joy and privilege to be a part.

Thank you all for supporting our family and our work here. Special thanks to Heritage Baptist and all who made this medical team's trip possible, and especially to the team members who gave of their time and resources to serve. All the glory to our heavenly Father!

In His Service,
Bro. Daniel, for the Coates Family
